

Dear Municipal Manager,

We, the undersigned members of the in Little Brak River Community , hereby formally object to the renewal of the lease agreement for the municipal building (Erf 78) being used as a crèche.

REASONS FOR OUR OBJECTION:

1. Intended Purpose of the Property – The premises have historically served as a community hall, providing an essential space for meetings, events, and local initiatives. Converting it into a crèche limits access for the broader community.
2. Lack of Public Participation – There has been insufficient consultation with community members regarding this lease renewal.
3. Community Hall Reinstatement – We strongly feel that we want our community hall back, as it is currently being used as a crèche. The hall should remain a multi-purpose community facility that serves all residents.
4. Lack of Contribution from the Current Tenants – The parties currently using the hall as a crèche do not contribute in any way to the upkeep and maintenance of the hall, placing an unnecessary burden on the Municipality and community members.

We trust that our concerns will be given due consideration, and we request acknowledgment of this objection.

Sincerely,

G.J.Kloppers
