

MOSSELBAY MUNICIPALITY

APPLICATION FOR THE SUPPLY OF ELECTRICITY SERVICES

Complete all sections

Please use clear capital letters and tick applicable blocks. Complete forms in black ink only. Partially completed forms will not be accepted. Incomplete and inaccurately completed forms will lead to delays.

Fine print

Only the property owner may apply for a new electricity connection or a change to the existing connection to the property. Proof of property ownership must be attached to the application form. This can be a property rates account, title deed or proof of registration.

If the owner is a private person, a copy of his/her identity document or passport must be attached to the application form.

If the owner is not a private person, a copy of the business/trust/body corporate registration form must be attached to the application form, together with a copy of the signatory's identity document.

Applications for conversion from bulk to individual metering can be accepted only if the whole development applies for such a conversion.

Applications from sectional title property owners must be accompanied by a letter from the Body Corporate, stating that they take note of the application.

Applications for an additional meter must be submitted at the office listed below and must be accompanied by building plans approved by the Building Control department, showing the additional dwelling. Applications for a separate meter for a home occupation – if allowed in terms of the property's zoning or approved by Town Planning department – will also be considered.

This form does not cover applications for standby or embedded generation approval.

Enquiries and form submissions

Completed forms can be submitted at the Electrical Services department in Schoeman Street, Mossel Bay.
